

MURATEC Multifunction

MFX-2030

Complete CONNECTIVITY.

The new MFX-2030 from Muratec is the complete workgroup solution. Built on the Network Gateway Platform (NGP), which enables standard network connectivity, the MFX-2030 offers seamless network printing and scanning, as well as document delivery to e-mail addresses, FTP sites and fax terminals.

NETWORK GATEWAY PLATFORM
NGP

The MFX-2030 comes equipped with standard:

- ✧ Back-lit touchscreen interface
- ✧ High-speed Ethernet connection (DHCP compliant)
- ✧ High-resolution color scan to network folder, e-mail and FTP
- ✧ Best-in-class operational cost and performance
- ✧ Walk-up fax, Internet fax and desktop fax functionality
- ✧ LDAP support (fax and e-mail)
- ✧ 80-sheet automatic document feeder and legal-size platen glass
- ✧ Robust digital copying performance

Features & Benefits

80-sheet automatic document feeder/legal-size platen glass

- Enables faxing, copying or scanning of large jobs without having to separate them into multiple sets
- Legal-size platen glass enables the copying, faxing or scanning of documents that are not appropriate for the document feeder
- Card copy mode allows for seamless copying of two-sided driver's licenses or insurance cards

Intuitive touchscreen operation

- A first in this segment!
- Large, back-lit touchscreen is easy to operate and significantly reduces the learning curve

Flexible paper capacity

- Standard 500-sheet front loading tray is accessible and user adjustable
- Optional second 500-sheet cassette allows for the simultaneous use of letter and legal-size papers

Easy network installation

- DHCP compliant
- Print drivers can be installed via the server or individual client

Duplex printing

- Reduce paper consumption and day-to-day operational costs by utilizing duplex print, copy and fax reception capabilities

Refined print engine

- At 20 pages per minute the print engine provides superior quality and clarity
- Redesigned paper path reduces jam frequency
- High-yield consumables offer an ultra-low operating cost and intuitive client replacement

33.6 Kbps modem

- Standard fax modem transmits documents at the highest regulated speeds (up to 2 seconds per page)

300 entry address book

- Each location can house a fax number, e-mail address and group location
- OfficeBridge Expansion Kit enables both personal & shared address books for enhanced security and contact management
- OfficeBridge Expansion Kit increases the internal address book to 2000 locations (w/ optional 512 MB memory)
- Supports vCard import from Microsoft Outlook

LDAP search capabilities

- Quickly and easily locate contacts on a corporate server (Active Directory, OpenLDAP)

Scan to network folder

- Surf corporate networks with ease, delivering documents directly into network folders

Scan to e-mail

- Intuitive QWERTY keypad allows you to add a customized file name, subject line and text message to each transmission
- Send documents in TIFF, PDF or JPEG format

Scan to FTP

- Upload documents to an FTP server for sharing or storage

Standard GDI-based network printing

- High-speed 10/100 BaseT Ethernet connection offers the perfect print solution for a small to midsize workgroup
